Dear friend,

It is with utmost humility that I share with you a sample of the services we provide with hope that some may appeal to you or your organization. Ours is mostly consultancy, training, team building and coaching. That people may Live their Dreams! Following are some of the themes we specialize in.

1: *Building a Winning Team*

Team building is one of our most favorite and strongest products that excite a great majority. Our unique and comprehensive approach appeals to many. We do design outdoor games to specifically meet the objectives of specific organizations and interweave with training/coaching that entail interpersonal skills, emotional intelligence, problem solving, resilience, customer management among other. We do include powerful and inspiring talks alongside.

2: *How To Conquer and Tame The Cobra of Fear*

We all know the effects of fear. A good number of people are either infected or affected in some way. In this particular session, the participants are given a powerful and insightful talk/training on the root causes of the twin sisters, Fear and Worry, and how to master and conquer them effectively in order to live a freer, happier and more productive lifestyle. No one can be productive when he/she has loads of worry/fear in the heart.

3: *What Causes Results*

This particular talk is geared toward assisting participants to be more results oriented by focusing on the very fundamentals cause results, thereby eliminating excuses and actually going ahead to do what ought to be done in order for desired results to come. It is both inspiring and revealing. Teaching people how to get results that are desired. Normally very well suited for sales force, but very enriching for every member of the organization.

4: *How to lead a commission sales force*

Commission sales force is a group, that in some way, appear to be a unique category in your organization with very uncommon philosophies and personalities. They are, in some sense, partially or otherwise, self employed. The conventional corporate leadership ideologies hardly apply to them. How do you keep them? How do you ensure they achieve the results that are necessary for the organization to grow? Herein is the answer.

5: *Leading during hard times and delivering results*

Leading is hard. But leading during the times of depression or turmoil, leading when business is bad and hope there is none, leading during difficult seasons and the likes, can be more tasking and frustrating to a leader than ever! In this powerful training, we take the participants through steps that equip them with ability to lead effectively and still deliver desired results even when times are not
